

Planning application checklist

Advertising signs

Moreland
City Council

This checklist applies to applications where a new or replacement advertising sign requires a planning permit under the provisions of the Moreland Planning Scheme. Other planning scheme controls may affect your proposal. Please check the planning scheme requirements before submitting an application by visiting the Department of Environment, Land, Water and Planning website or attending the City planning enquiries counter at the Moreland Civic Centre.

Pre-application meetings

Council encourages applicants to meet with Planning Officers before lodging an application. These meetings are designed to advise applicants whether proposals are generally consistent with the Moreland Planning Scheme before they are lodged. Planning staff will also aim to assist applicants to become fully aware of the standard and extent of documentation they are required to provide in order to reduce or avoid the need for Council to request further information.

Referral to VicRoads

It is recommended you discuss the proposal with VicRoads before lodging an application with Council. An application to display an animated or electronic sign within 60 m of a freeway or arterial road declared under the Road Management Act 2004 must be referred to VicRoads during the application process.
